

DEAN MALONE  
VICE PRESIDENT, BUSINESS SERVICES

To Whom It May Concern:

This letter is in regards to Midwestern University's experience in partnering with PE Systems Corp. In this day and age of having expenses get larger as budgets get smaller, we feel that it is our responsibility to take advantage of opportunities that have the potential of saving our University money. One such service is that offered by PE Systems. We saw right away that since there was no risk in engaging with their service, there was no reason not to give them the opportunity to save us money. We sent them the 12 months of processing statements that they requested and eagerly awaited the results.

Our banking partners were very responsive to the changes and PE removed us out of the negotiations. The results that PE Systems presented us with and the changes that they've made happen for us have yielded nothing but positive results for our school. Not only have they recovered refunds and gotten us set up properly, they also have helped us with the new internet accounts that we have decided to setup, so that the problems that have caused us to lose money in the past are eliminated right from the beginning.

I am happy to recommend PE Systems and their knowledgeable staff to anyone who would like to save money in the fees that they pay to accept credit cards.

Vice President, Business Services
