

VALPARAISO
UNIVERSITY

OFFICE OF ADMINISTRATION AND FINANCE

To Whom It May Concern:

I'd like to write on behalf of PE Systems Corporation in Spokane, WA. We contracted with PES to review the fees that our University was paying to accept credit cards. We feel that it is our responsibility to our students to take advantage of services that have the potential to produce funds for the University, instead of just raising tuition to produce additional resources. PE Systems offers such a service, and since there was no cost to us unless they produced actual savings, we saw no reason not to take advantage of what they had to offer. We sent them our statements and awaited the results.

We were extremely pleased and surprised with the results. We had no idea that there were so many different circumstances that affect the amount that we paid for each credit card that we accept. The education that they have provided us with has been just as valuable as the savings that they have produced. The team at PE Systems has been extremely professional, proficient and a pleasure to work with.

I highly recommend that if you would like to save money on you credit card fees that you engage with PE Systems and their service.

Sincerely,

CPA
